https://www.linkedin.com/in/yussef-mohamed-900b44161

Computer Science and Artificial Intelligence Student, Professional Data Analyst, Machine Learning Engineer, Deep Learning Engineer.

EDUCATION

AUG 2020-APR 2024

COMPUTER SCIENCE AND AI STUDENT

Enthusiastic computer science and AI student with a strong foundation in programming and machine learning. Contribute to the advancement of artificial intelligence. Committed to lifelong learning and staying at the forefront of AI research and development.

CERTIFICATES

AUG 2022

PROFESSIONAL DATA ANALYST

DataCamp certified Professional Data Analyst.

Proficient in data analysis, statistical analysis, and data visualization using Python.

Completed hands-on projects and assessments demonstrating practical data analysis skills.

Professional Data Analyst

JUL 2023

MACHINE LEARNING ENTERNSHIP

Certified for completion of Coding Raja Technologies internship, specializing in machine learning algorithms, recommendation systems, computer vision and intelligent classification models.

<u>Machine Learning Intern</u>

OCT 2023

HUAWEI AI TRAINING

Certified for completion of Huawei comprehensive training course in artificial intelligence, covering topics such as machine learning, deep learning, computer vision, CNNs, RNNs, transfer learning, Ai framework development, MindSpore Ai framework, Huawei Cloud platform, Huawei device Ai platform, GANs, basics of reinforcement learning, knowledge graphs and basics of quantum computing.

Huawei Ai training course

ACTIVITIES

Participated in Google Developer Student Club for machine learning, which increased my skills in data analysis and cleaning for machine learning, and how to select and apply the suitable machine learning model for my problem, the community and activities were truly helpful, effective, and amazing.

Google Developer Student Club Participant

SKILLS

- Programming Languages
 - Postgre SQL
 - SQL Server
 - O Python (NumPy, Pandas, Scikit-Learn, Matplotlib, Seaborn)
 - O Python framework for machine learning and deep learning (PyTorch)
 - O C++
 - o C#
 - Dart
- Computer Skills
 - Microsoft Excel / Google Sheets
 - Microsoft Word
 - Microsoft Power Point
 - ChatGPT Prompt Engineering
 - Adobe Photoshop
- Soft Skills
 - Leadership Experience
 - Collaboration
 - Adaptability
 - Communication
 - Critical Thinking
 - Time Management
 - Continuous Learning

LANGUAGES

• Arabic (Mother Tongue)

• English (Fluent)

• French (Professional)

• Spanish (Level AI)

• Russian (Level AI)
